Osaka is renowned for its iconic Osaka Castle, a historic landmark constructed in 1597. After a brief time to refresh, we will explore the Umeda Sky Building, a striking feature of Osaka's skyline. This architectural marvel consists of two 40-story

towers linked by a bridge at the top, making it the nineteenth tallest building in the prefecture. It offers breathtaking panoramic views of the city.

Additionally, it served as the retirement residence for shogun Ashikaga Yoshimitsu, who died in 1408, from a family that once held significant power in Japan.

Next, weâ??ll visit the stunning Arashiyama Sagano Bamboo Forest, a must-see for anyone visiting Japan. This breathtaking bamboo grove in Kyoto is cherished by both locals and tourists alike. The gate was built to coincide with the ebb and flow of the tides, revealing dry land when the water recedes.

After enjoying lunch at an Indian restaurant, we will make our way to Hiroshima Station to board Japan's famous Bullet Train to Tokyo. Upon our arrival, you can savor dinner at another Indian restaurant. Finally, you will be transferred to your hotel for check-in and an overnight stay in Tokyo.

The water is now crystal clear and beautiful, a stark contrast to its polluted state over 70 years ago when it was

devoid of fish due to rapid industrialization. Today, Tokyo stands as the largest megacity in the world.

Next, we will visit another cultural highlight in Minamoto: the Odaiba Statue of Liberty. This iconic Lady Liberty was initially a temporary installation, brought over from Paris in 1998 to celebrate the friendship between France and Japan. During peak bloom, you'll find groups of coworkers, friends, and families enjoying picnics beneath the trees, relishing the sight of the ground blanketed in white and pink petals.

Finally, we will visit Shinjuku Garden, Tokyo's most popular Hanami (cherry blossom viewing) destination. This traditional Japanese landscape garden features serene ponds linked by bridges, along with beautiful rocks and shrubs. The greenhouse within the national garden showcases orchids and rare plants typically found in forests and jungles. Originally owned by a feudal lord during the Edo period, the garden is now managed by the Imperial Household Agency of Japan. After exploring the garden, enjoy lunch at an Indian restaurant.

Next, we will visit Sensoji Temple, commonly referred to as Asakusa Kannon Temple. This historic site is celebrated as Tokyo's oldest temple and is one of the most vibrant in Japan.
